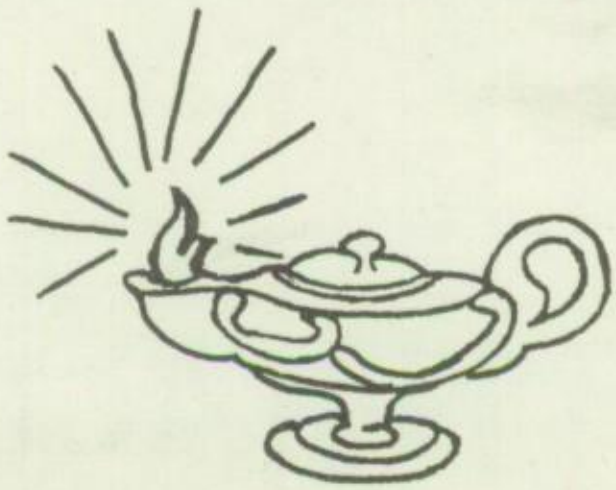
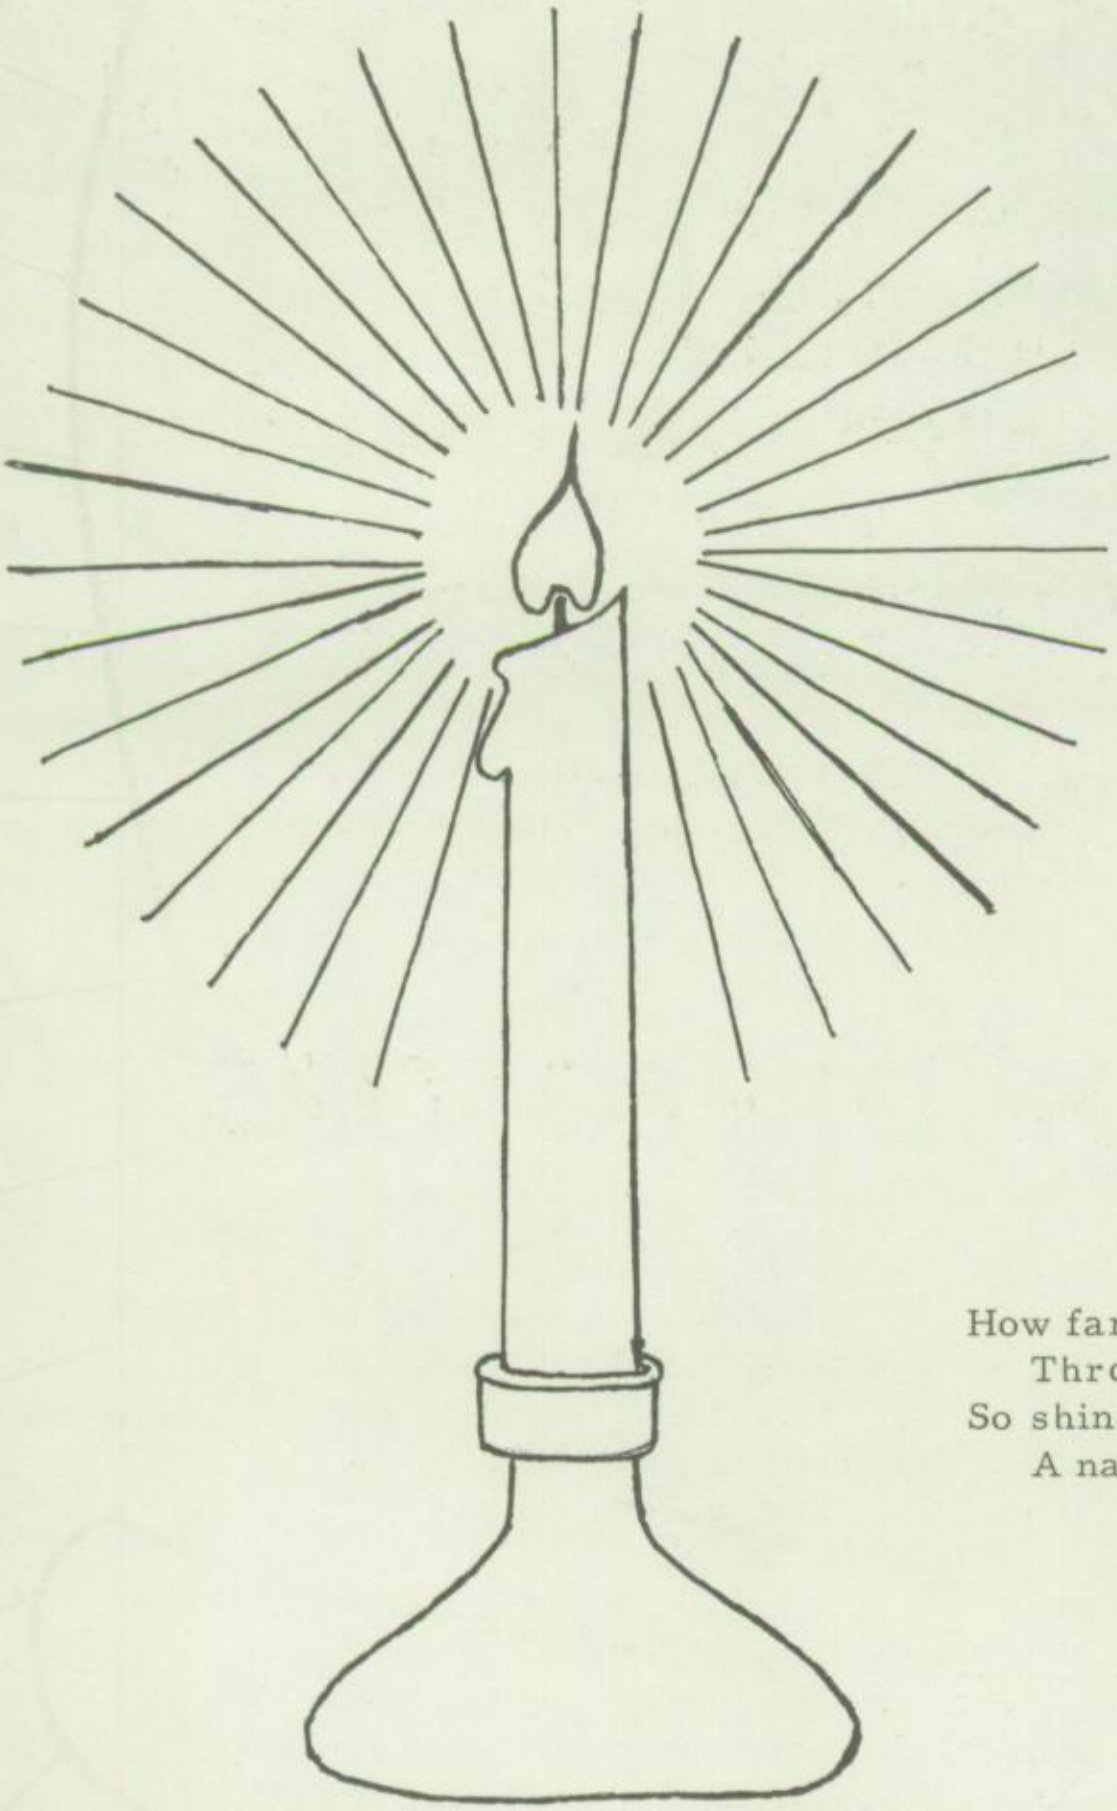
FOREWORD

We, the staff of 1962, invite you to share with us the activities of another school year. Through the pictures and write-ups we have tried to reveal to you the enjoyment and Christian fellowship we have experienced this year at J. M. S.

We have tried to show step by step the growth of the student from the beginning of his school life until graduation. The results of this Christian training we hope will shed light throughout the years to come.



DEDICATION



Fannie E. Thomas

It is with great pleasure that we dedicate this 1962 Mem-o-re to Fannie E. Thomas. Her contributions as office secretary and art advisor are greatly appreciated.

How far that little candle
Throws his beams,
So shines a good deed in
A naughty world

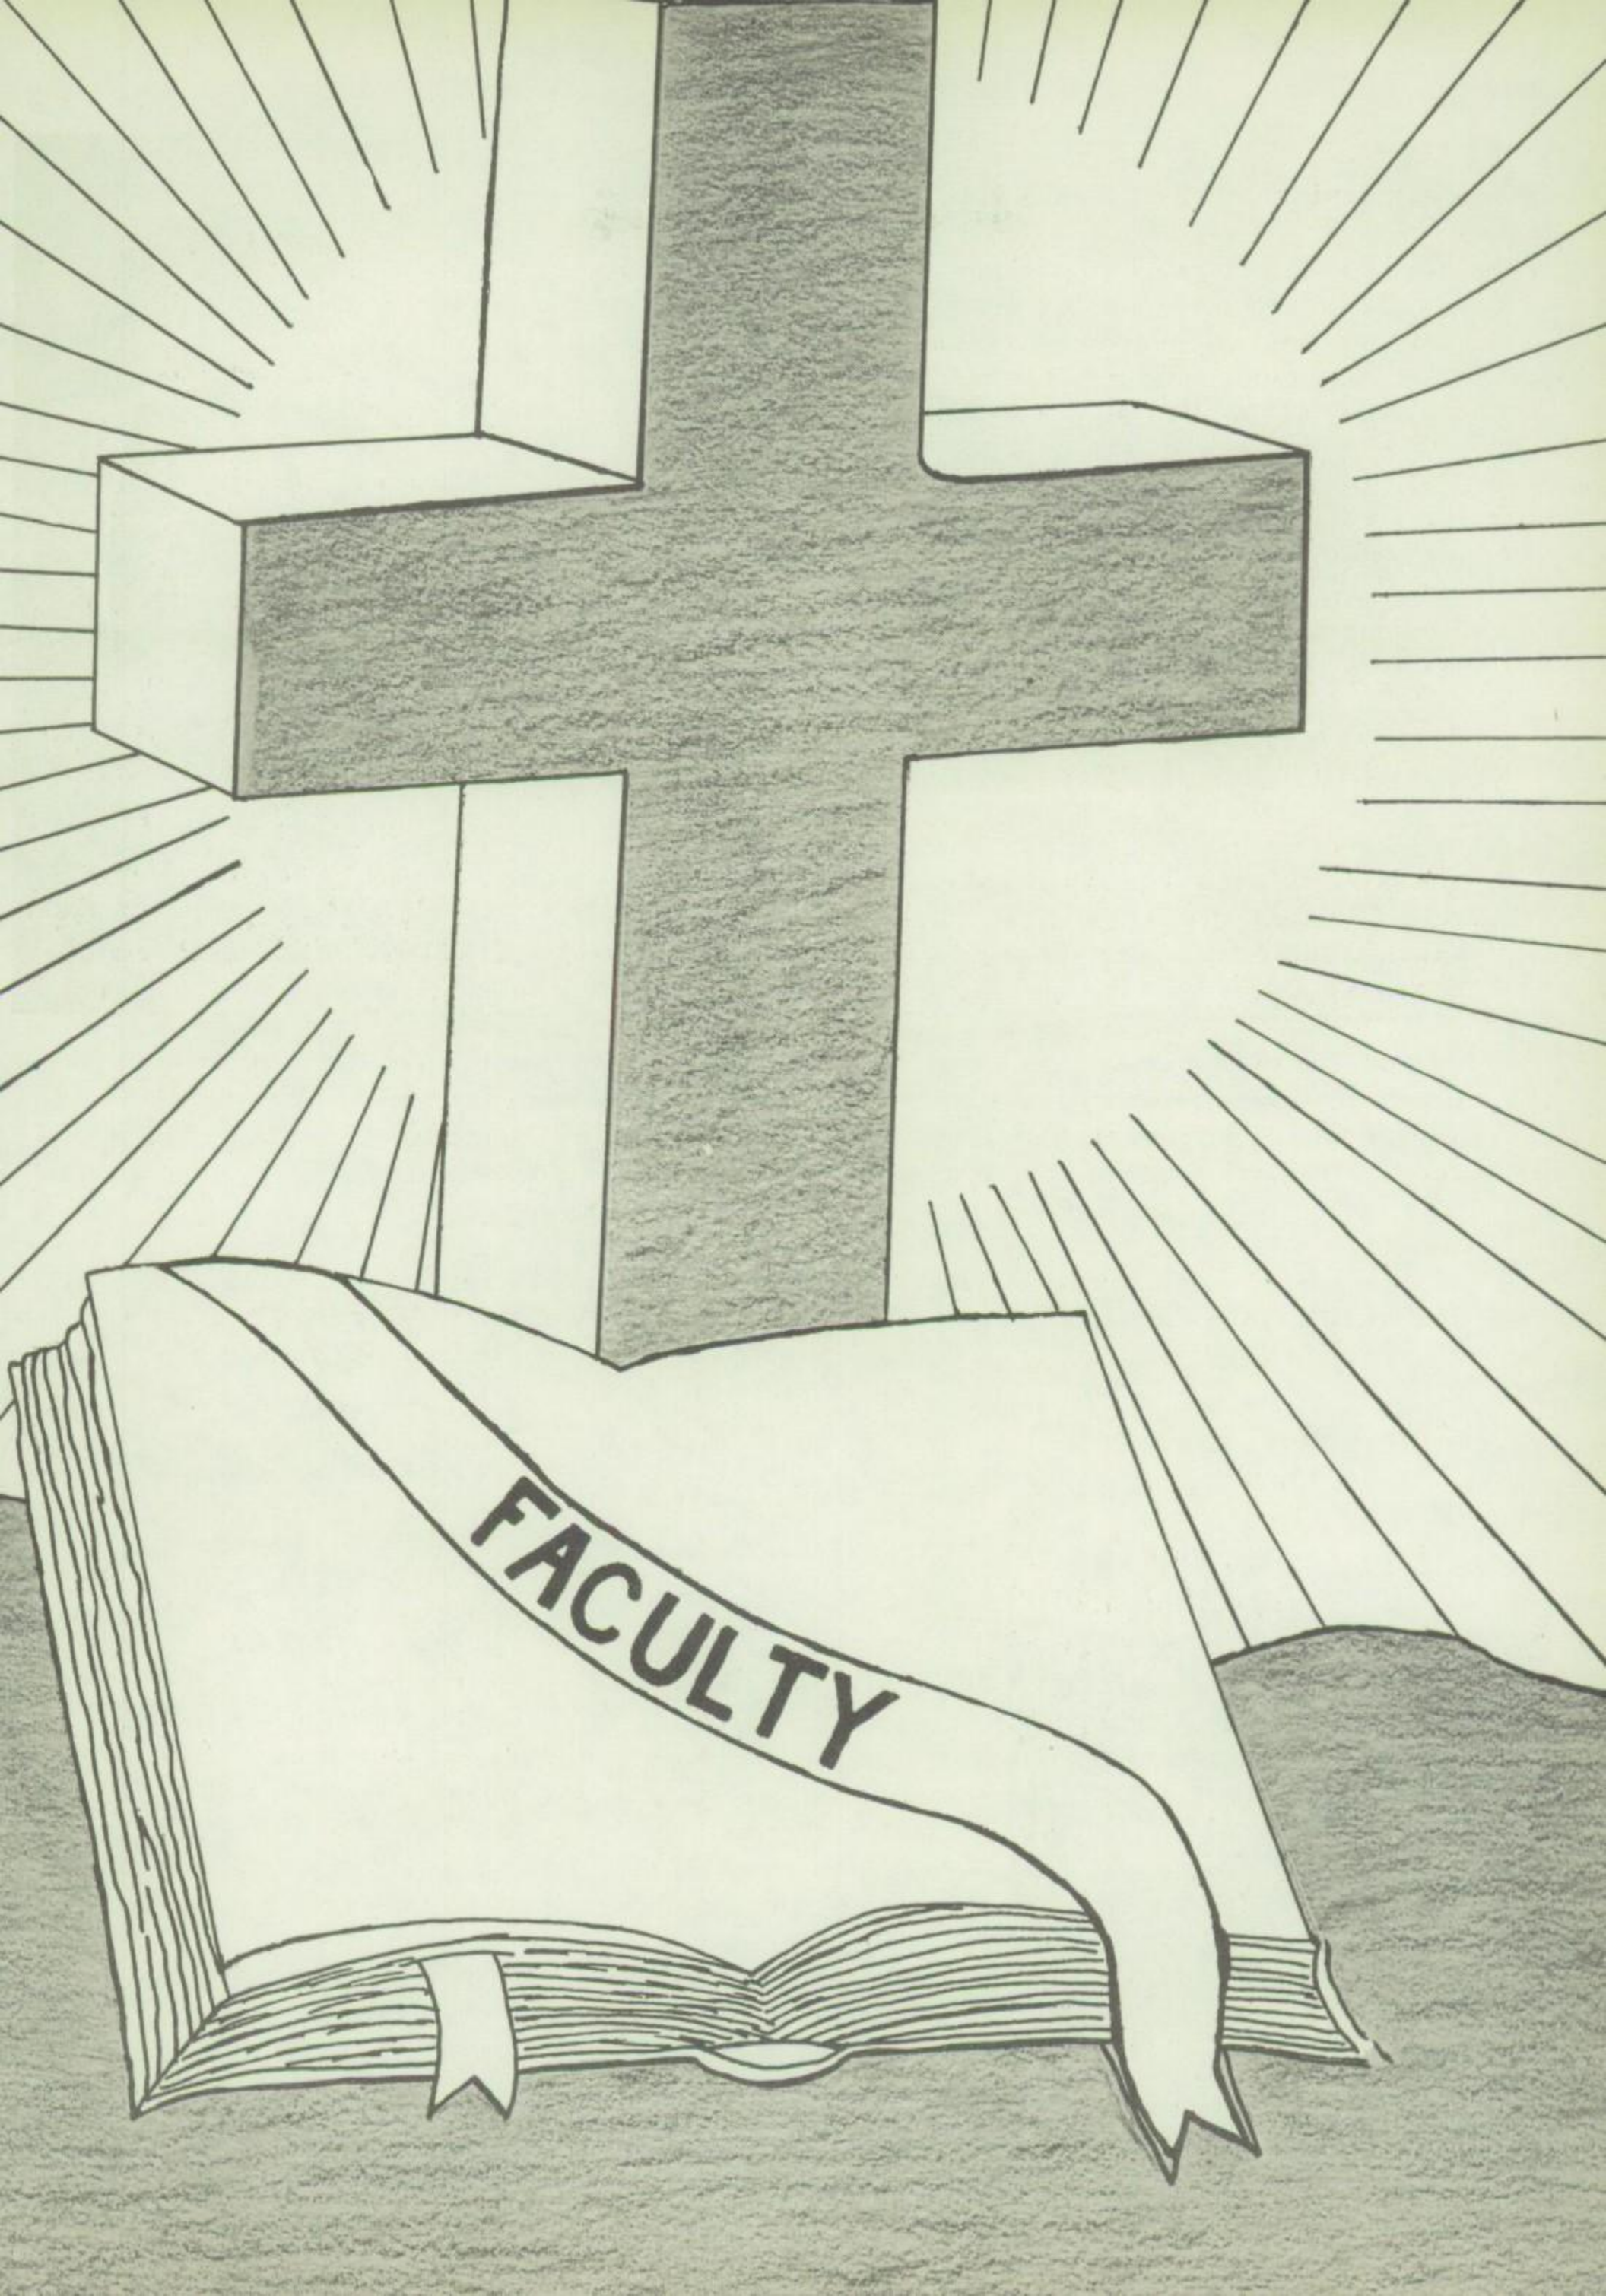
BOARD OF DIRECTORS

We, the Board of Directors of J.M.S., are elected by the patron group. We want to be worthy of the confidence placed in us, faithful to our responsibility and in our dedication to the Lord. We give God the glory and praise for the growth and spiritual progress of the school. The problems faced by the Board of Directors are spiritual needs as well as the physical need of the school program.

The Board of Directors meet the last Monday of each month. Through prayer and the guidance of the Holy Spirit we have solved many problems. We thank God for the Christian teaching staff and also the local churches and dedicated individuals who have done so much to make this school possible.

Our prayer is that we, as patrons, may count it a blessing and privilege to send our children to J.M.S. and that others may see the value of sending their children to a Christian school.

May God's blessing be on all those who pray for, give to, and serve J.M.S.



FACULTY

Dear Seniors of the Class of 1962:

The greatest impression you will ever make on anyone will never count as much as the one you make on God. No matter how high you climb, or what your gains are in life, nothing will ever be as important as how high you climb with God.

It is wonderful to have friends and to be "in the circle", but to be a "friend of God" is the most coveted friendship there is.

Long after you have left the halls of J.M.S., you will remember the spiritual help you have received here. Long after your life is ended, as you look backward to earth--the spiritual gains will be the cherished ones.

I care not where you go, what you do, how much knowledge you will gain, or what your status will be, if you have lived a holy life, if you have walked with God--your life has been a success.

And, on the other hand, no matter how high you climb or how low you fall--God will always be concerned about you. The world may pin medals on your breast or attach slander to your name--but they can never deprive you of your place with God, as long as you remain true.

Serve Him well, and long after the stars have ceased to shine, you will live on with God!

Farewell,

SENIORS

We, the graduates of 1962, have had a very interesting and exciting time "closing the books".

Our main interest was our final event--the baccalaureate and commencement exercises. Securing speakers, colors, motto, etc. gave us something to do in every "extra" moment.

Every possible minute was spent planning and selling meals to increase our treasury, the foundation of our senior tour.

As we leave, each of us will be leaving a part of ourselves--that which we have contributed to the institution we love.

JUNIORS

We, as a junior class, believe that we have overcome our "wise foolishness" of last year. We elected for our president Floyd Lehman. For his assistant, we elected Joe Shetler. To keep the books straight, Arlene Thomas was elected. The one elected to handle the money was Lowell Kauffman.

Our class is comprised of ten girls and seven boys. We are proud of being the largest class ever in high school here.

Selling candy, class night, and the Junior-Senior Banquet were the big interests of our junior year.

We are already laying plans for our next and last year, which we hope will be the best of our school life.

SOPHOMORE CLASS

When we think of our past two years, we realize how surprisingly fast those years have really gone. These years have been short, beneficial ones for us. From within ourselves we have eager spirits to go on. Although our class consists of only five, we have tried to reach our goal for J. M. S.

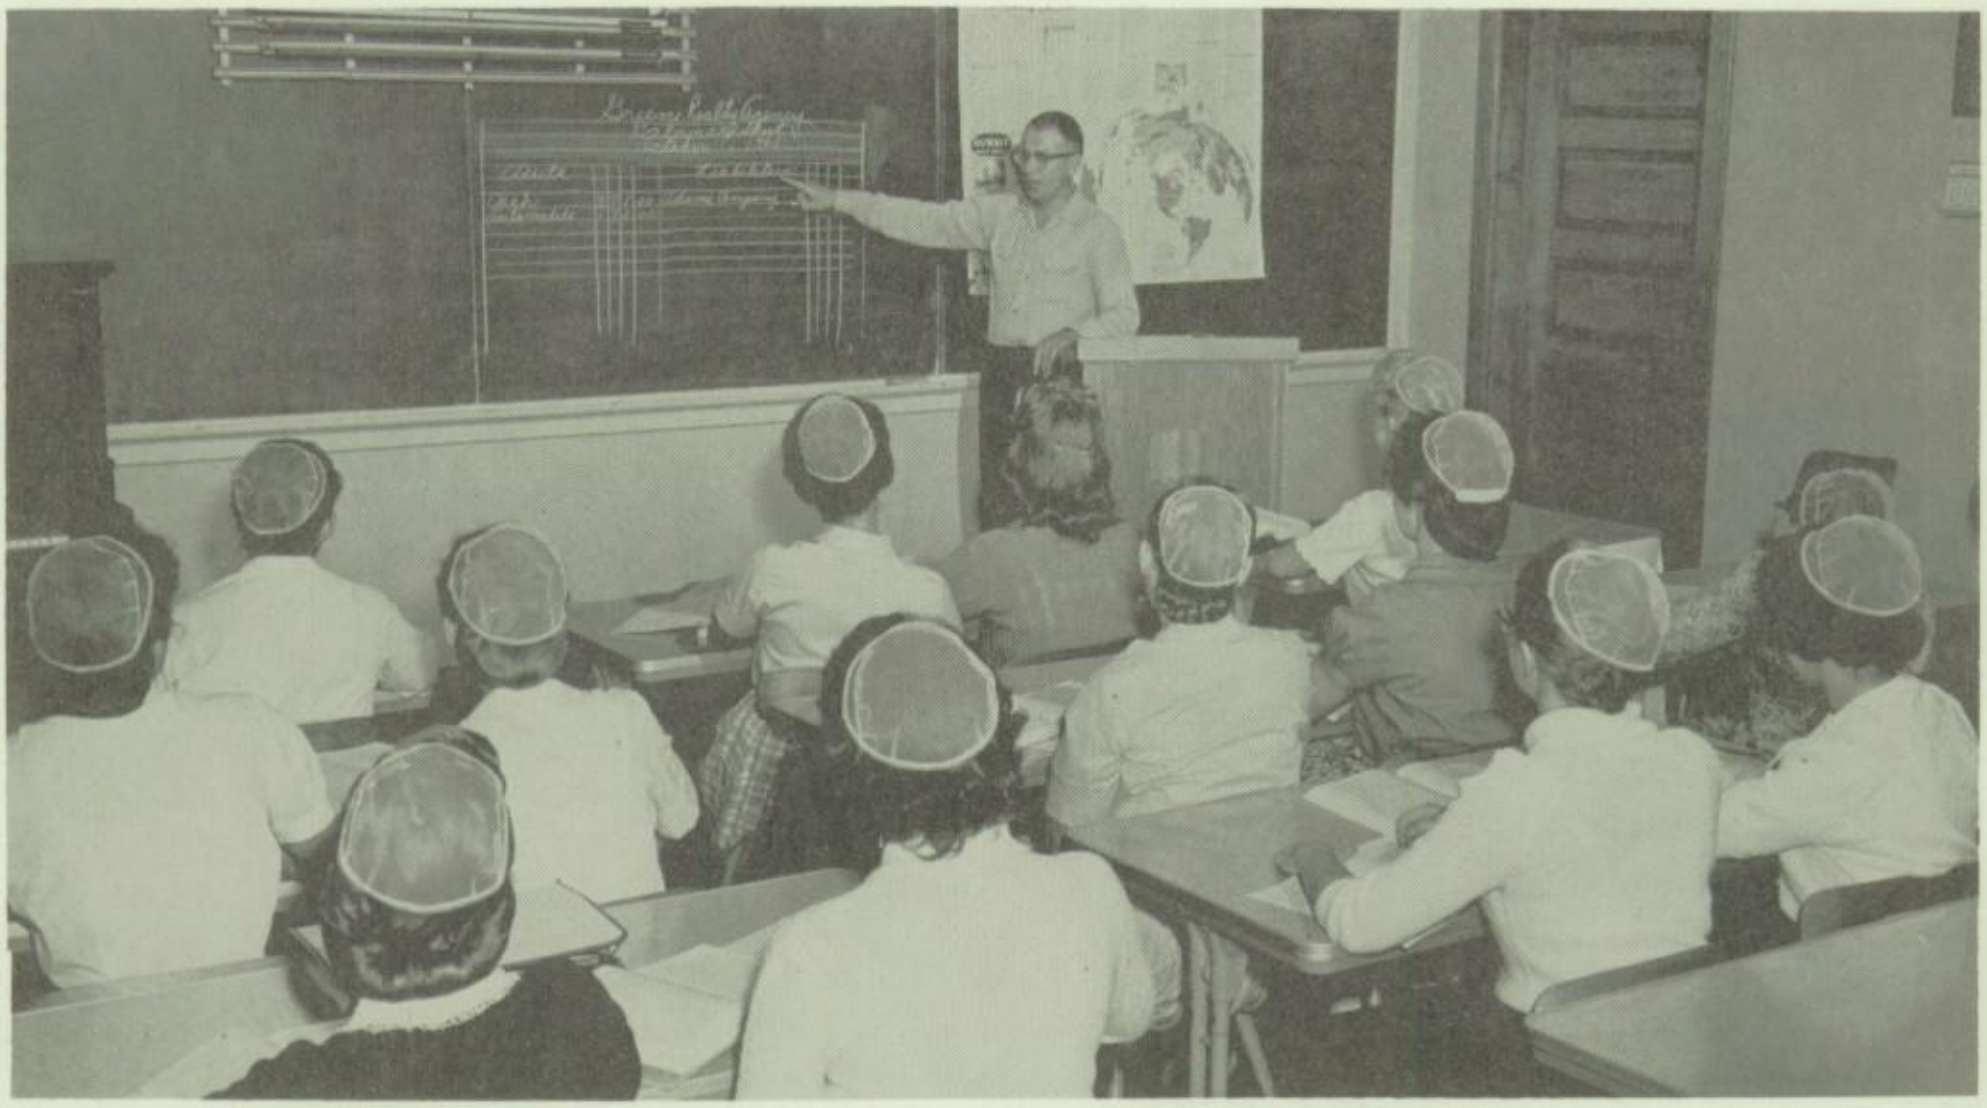
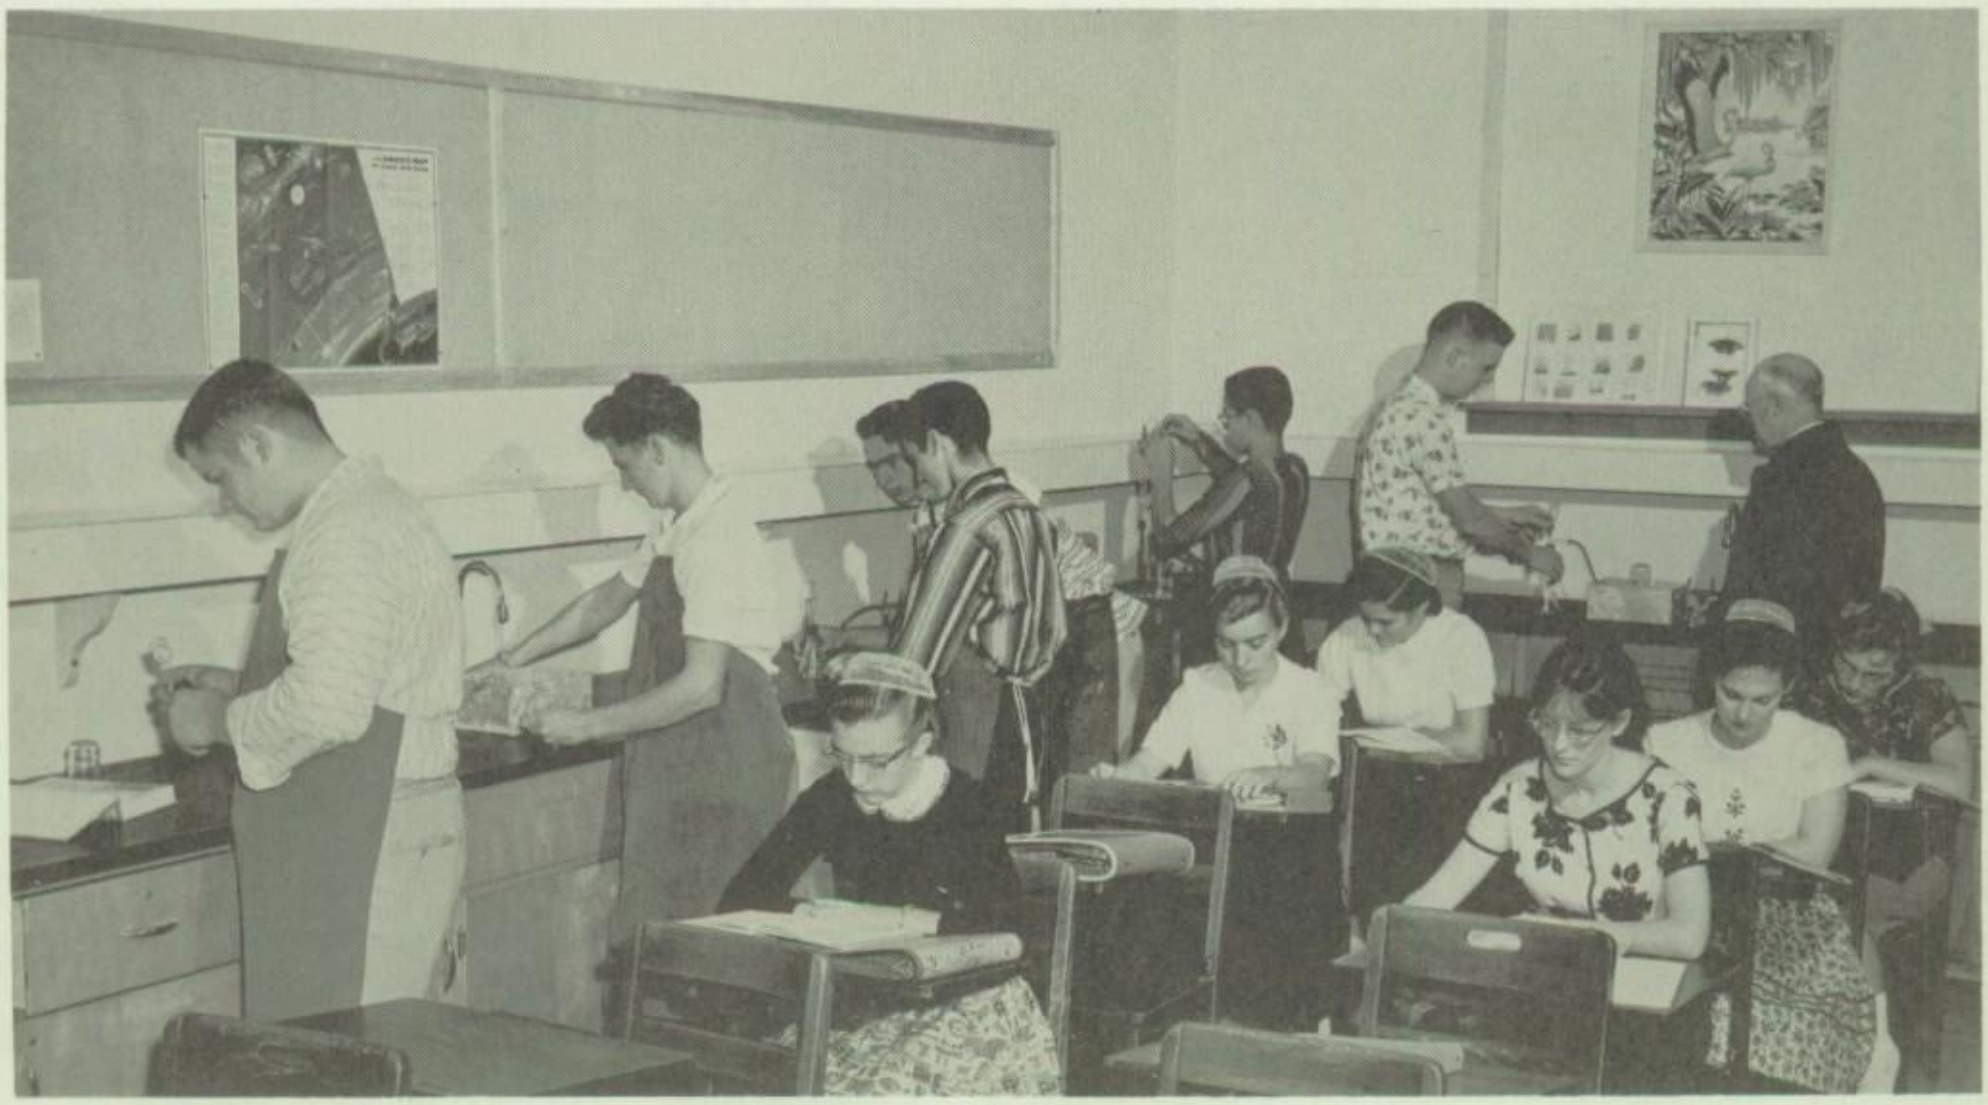
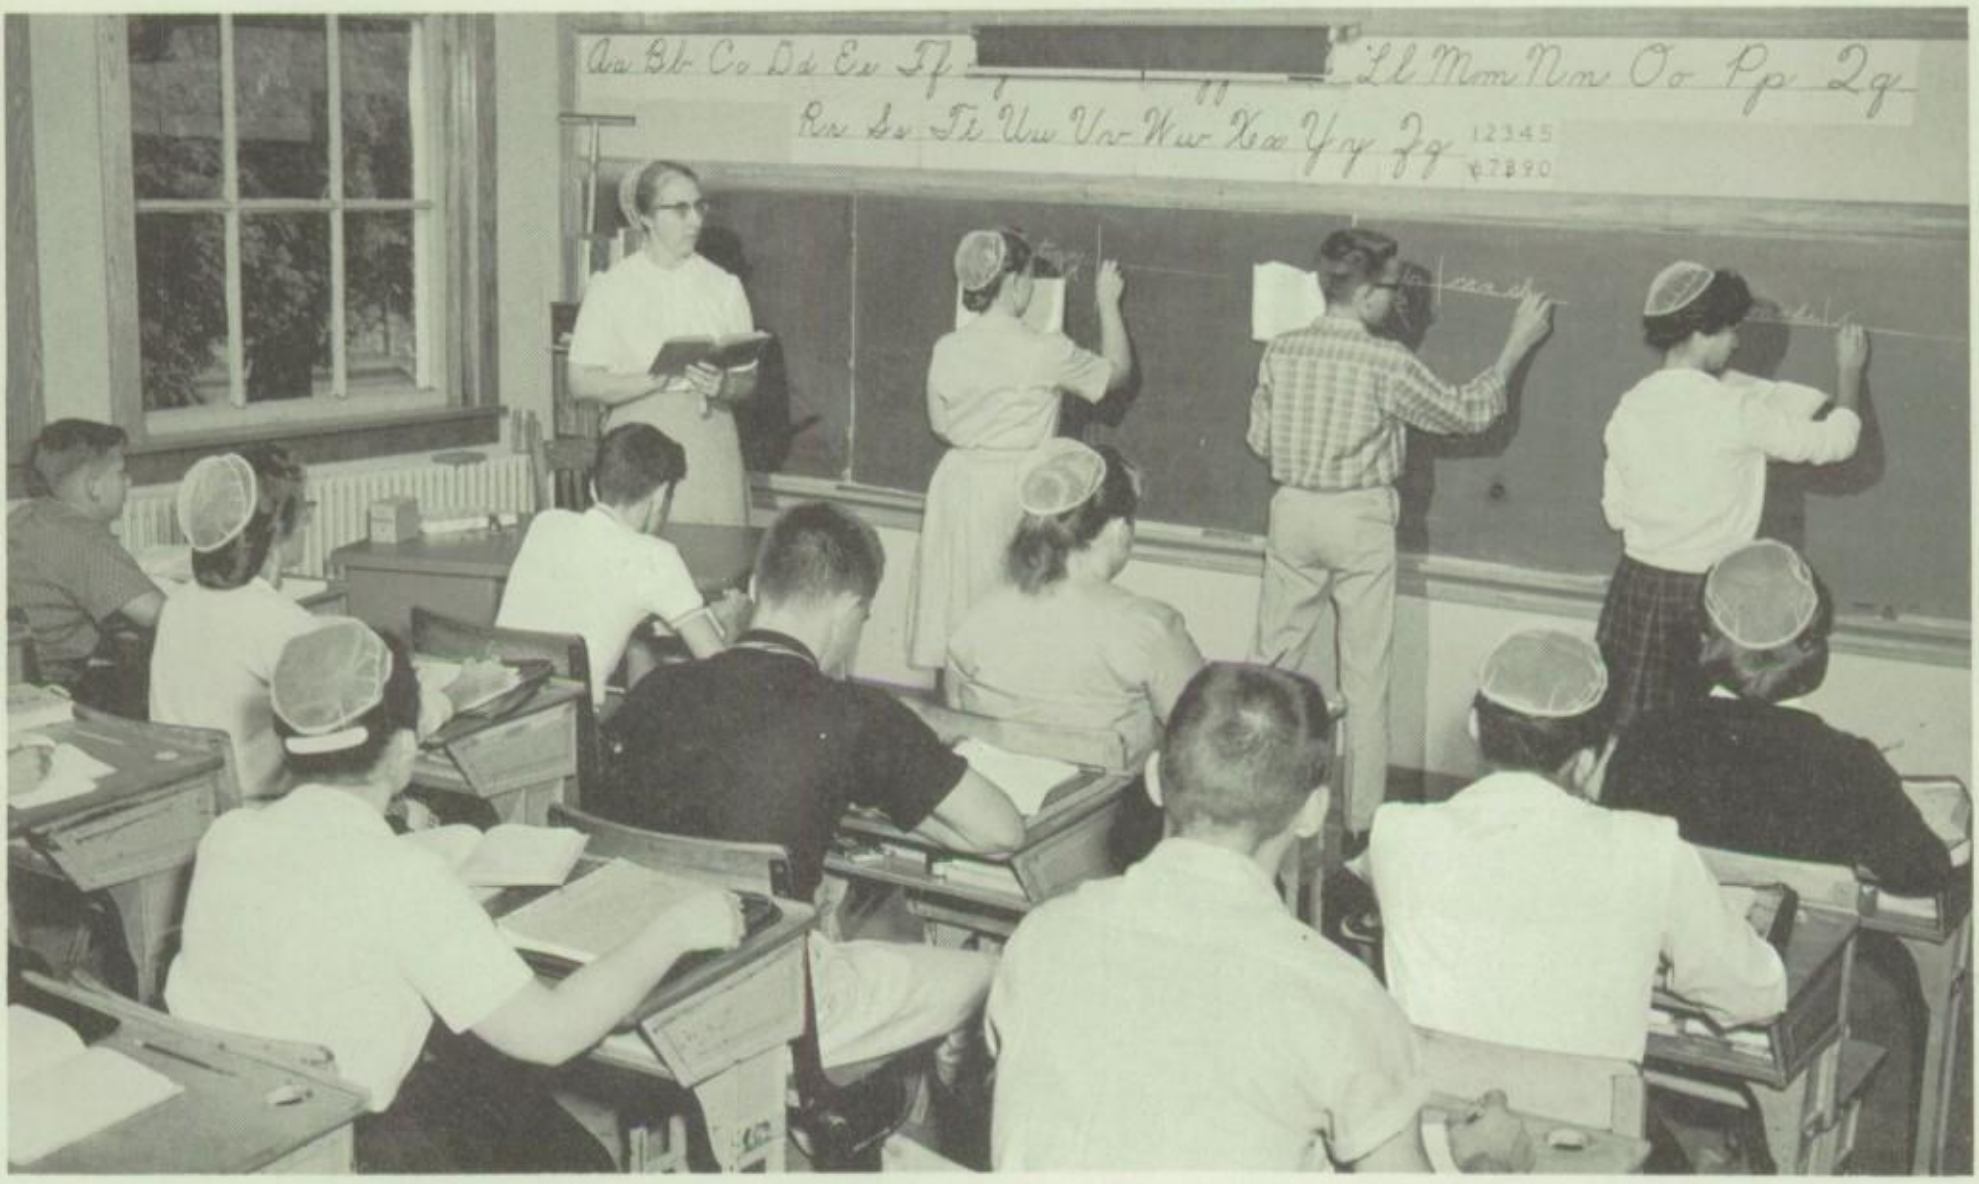
FRESHMAN CLASS



BOOKKEEPING - The students enjoy this class to a great extent, in spite of the many hours spent in locating small errors.

CHEMISTRY - Students are plugging away at making oxygen, hydrogen, or other gases. Equations, tests, and choking odors have not completely discouraged the pupils.





ENGLISH CLASS

Every Tuesday and Friday morning grades nine and ten met in the Junior High room to study what is called English. As we studied the parts of speech and the correct words to use, we discovered that many times we have used words which are not correct because we have heard it that way. We want to try to use better grammar as a result of our studies.

Part of the period was usually devoted to literature in which we were introduced to great writings, which also proved to be very interesting reading.

JUNIOR HIGH

Our group was quite small this year--only eleven until Christmas. At this time one student transferred to another school, leaving us with only ten. We have worked hard this year and have done a good job of completing most of our textbooks. In Bible class we studied the customs of Bible times during the first semester and the rest of the year we spent on a Bible survey course.

Special projects in art and history added interest and made our display night more varied. Of course everyone enjoyed our three evening socials which helped to balance our program.

Welcome to the intermediate room. Within this room you will find thirty-two lively pupils, each making his unique contribution to the atmosphere of the room. We have the eager fourth-graders, the busy fifth-graders, and the growing-up sixth-graders. A vareity of experiences will help us to remember our pleasant times together. Spelling charts have helped us to see our progress in spelling. Drills at the blackboard have proven our skills in arithmetic. The art periods have given opportunity for creativeness. One of the outstanding achievements of our room ahs been Bible memory work. We have been memorizing Psalms this year. Some of the Psalms we have learned are Psalms 1, 23, 15, and 139. May the words of the Psalmist, "Thy word have I hid in my heart that I might not sin against thee" prove true of each pupil in this room.

RELIGIOUS LIFE COMMITTEE

A Christian school without religious activities would be defeating its own cause. The Religious Life Committee has been working toward the end implied by the school's motto: "For the Christian nurture of youth". It has made a serious effort to discover any spiritual deficiencies of J. M. S., and to cope with these in accordance with the Word of God.

As a result of the committee's efforts, the daily chapel programs featured occasional guest speakers, as well as opportunities for student self-expression in talks and in singing the great hymns of the church. The response in attendance at the weekly prayer meetings, which was always on a voluntary basis, was good.

The committee sincerely hopes that these activities have kindled a spiritual flame which will continue to burn for many years.

CHORUS

"Up on the risers! All books open! Pitch please!" And so went the chorus practices. With the co-operation and concentration of all the students, the chorus was able to produce some beautiful masterpieces. Each member enjoyed letting his light shine by singing to the best of his ability The high light of the year was our Spring Chorus Tour. The chorus completed its itinerary with a music program given the last of May at the Kaufman Mennonite Church.

MEM-O-RE

STAFF

Miss Kauffman and Fannie are kept busy in the library.

THE LIBRARY

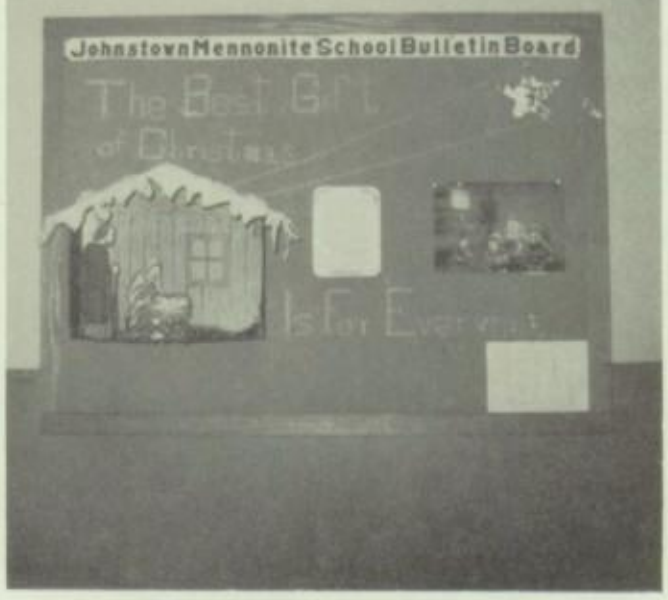
Of course we think of books when we think of libraries, and that is what you will find in the J. M. S. library--books. You will also find students using those books. This is important for a healthy school situation for books provide one of the main means of gleaning from the wisdom of others. Our selection of books is not as broad as we would like, due to a very limited budget. However, good use is made of the books and periodicals we do have, and the regular visits of the county bookmobile help provide our bookworms with materials.

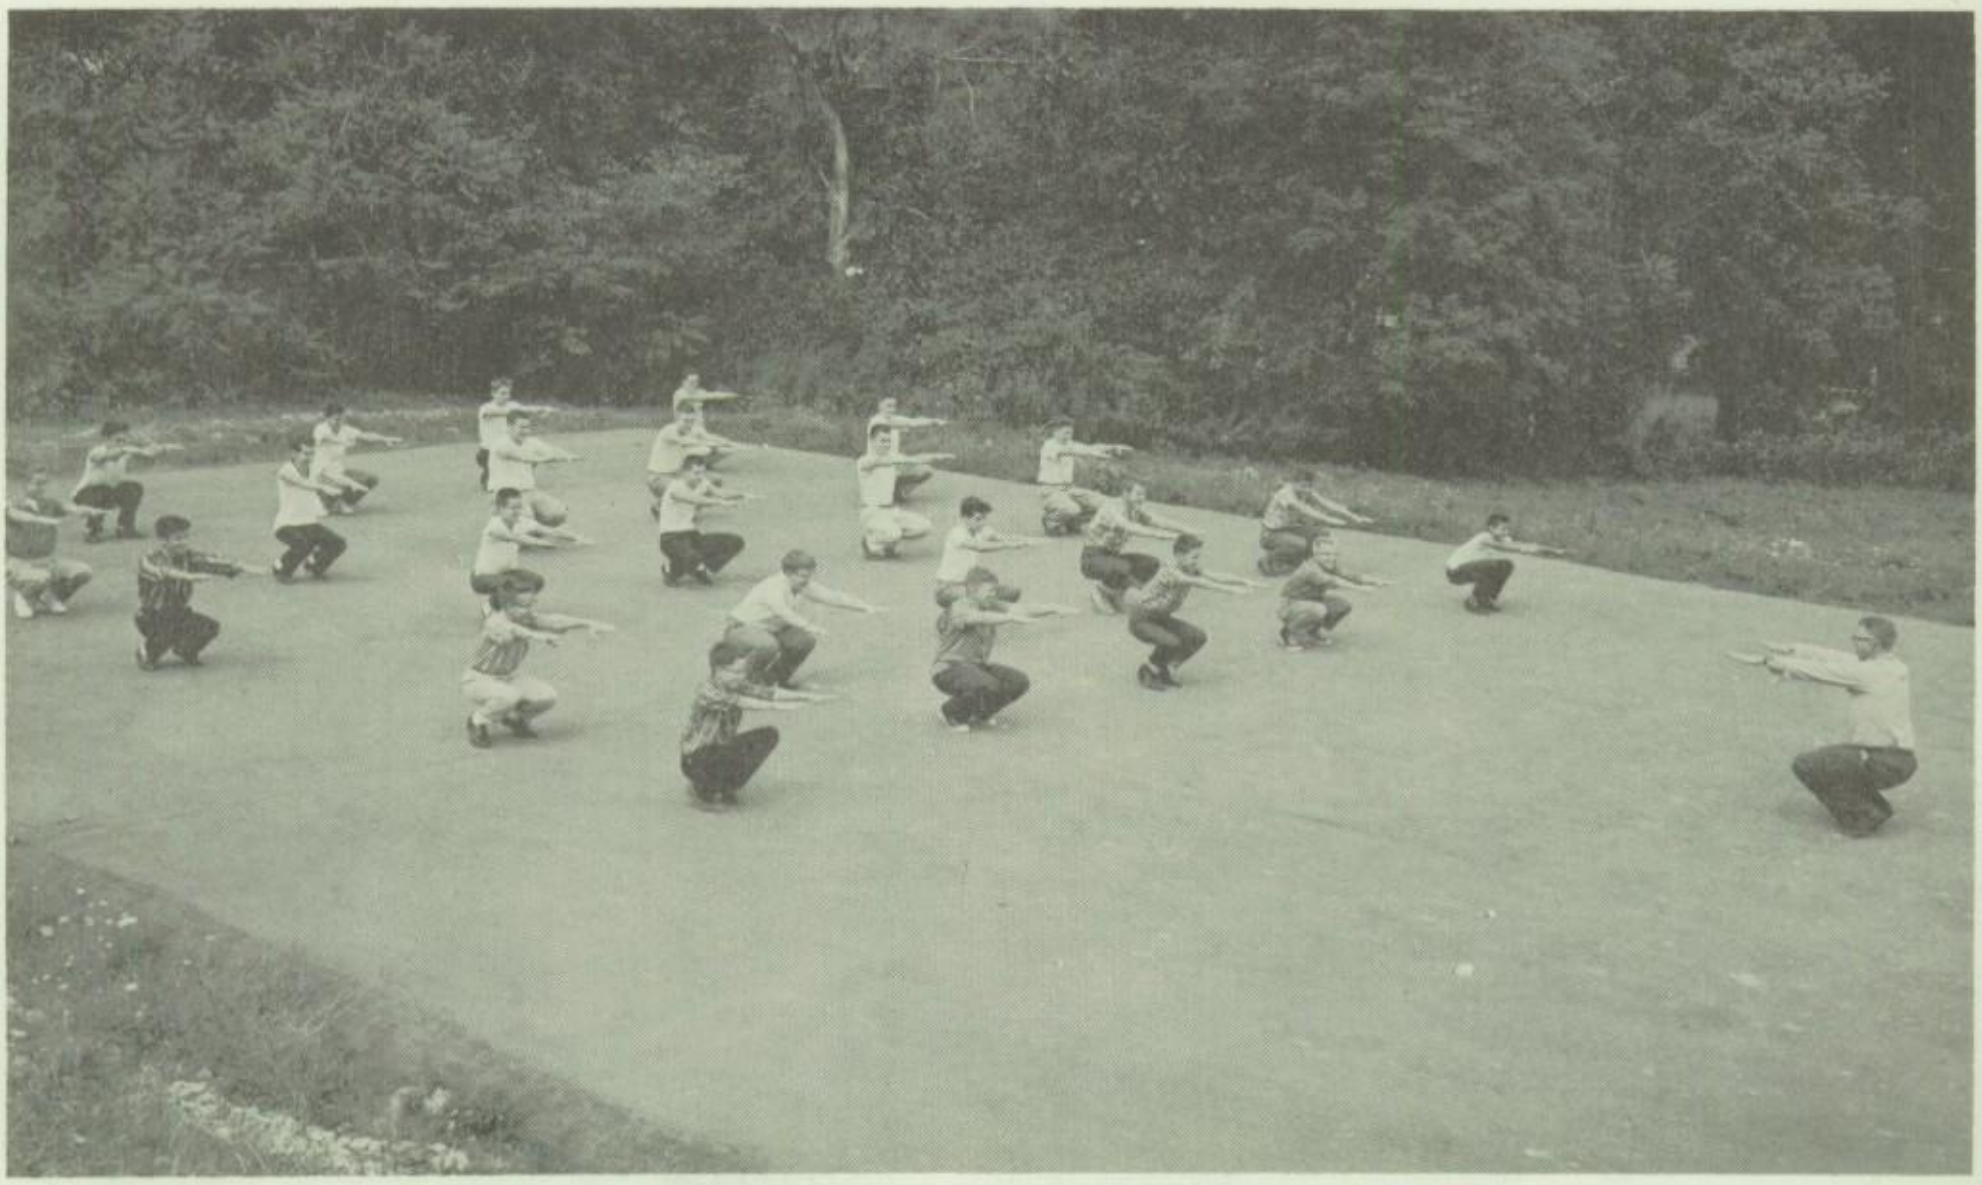
One of Fannie's many jobs!

BULLETIN BOARD

As you enter the school, you are met by the attractively decorated bulletin board. Sometimes it is decorated with helpful study hints. Other times it is for the season of the year. You may even find a picture (taken years before) of yourself. It is also a place to look for encouragement. The credit for this belongs to Fannie Thomas, our girl Friday.

Another of her decorations.





BOYS' GYM

Once a week the boys meet to limber up their muscles. Gym class is usually started with a few exercises as seen in the picture above. After the exercises, the boys play basketball, ping pong, or checkers. Depending on the weather, the boys are found on the outdoor court or perhaps playing soccers. They also use gym class to pracrice for games with Belleville Mennonite High School students.

GIRLS ' GYM

Each Wednesday afternoon the girls meet with Mrs. Ruth Hostetler to loosen their muscles. The first fifteen minutes of each period are spent in doing exercises. The rest of the period is spent in playing dodge ball, volley ball, basketball, if the weather permits. Indoor games such as checkers or ping pong are played on bad days.

Lowell Kauffman, Bro. Kauffman advisor, Norma Alwine, Louise Spory, Pauline Speigle, David Hostetler, Richard Smith

ATHLETIC COMMITTEE

The athletic committee is composed of three girls and three boys chosen by the students. The committee elects its officers. These are:

President, Richard Smith
Vice-president, David Hostetler
Secretary-treasurer, Norma Alwine
Advisor, Bro. Kauffman

The job of the committee is to buy needed equipment, organize teams for group playing, see that equipment is taken care of, and provide for the entertainment of a visiting team.

Melvin Lehman, Joyce Hershberger, Amelia Saylor
Joe Shetler, Miss Amstutz, Bro. Lehman, Grace Thompson

SOCIAL COMMITTEE

The Social Committee this year included:

Chairman, Melvin Lehman
Advisors, Miss Amstutz, Bro. Lehman
Class representatives, Joyce Hershberger,
Joe Shetler, Grace Thompson, and
Amelia Saylor.

They have planned many interesting socials such as a moonlight hayride, a tour through a haunted house for Halloween, a Christmas banquet, and a skating party. These socials have helped the students to get away from the routine of school and thus have spread a spirit of fun, frolic, and fellowship through our school.

Standing: Marvin Holsopple, Melvin Blough, Daryl Alwine, Bro. Shetler, Bro. Kauffman, Miss Kauffman, Bro. Lehman, Miss Amstutz, Richard Smith, Melvin Spory, David Lehman. Seated: Lois Harbaugh, Rachel Kaufman, Mary Lehman, Eloise Thomas, Carol Folk, Cynthia Thomas, Janice Folk, Lois Lehman.

STUDENT COUNCIL

The Student Council started its work this year by electing Melvin Blough, President; Dick Smith, Vice-president; Eloise Thomas, Secretary; and Lois Lehman, Assistant secretary.

A committee, again, was chosen to plan the meal schedule, which gives all classes and organizations a chance to boost their funds.

The major drive of this school year was the purchase of a tape-recorder for general school use.

The council as a whole works together to improve the general welfare of and to provide certain improvements for the school.

1961 BANQUET

On Friday, May 12, 1961, the juniors, seniors, and faculty left J. M. S. Their destination? Only the juniors knew that. Before long, the four cars arrived at the Town House in Ligonier. After a delicious meal of Swiss steak with all the trimmings, the guest speaker, Robert Hostetler, was introduced. He spoke on "Pioneering Through Life."

Officers: Marie Thomas, President; Beulah Hershberger, Vice-president; Norma Thomas, secretary-treasurer; Esther Mishler, assistant secretary.

MOTHERS' GROUP

The Mothers' Group has proven to be a very beneficial auxiliary to J. M. S.

Their activities through the years have been varied. Some of the annual activities have included the serving of meals and the cleaning of the school.

Special projects for this year were: having a cupboard built in Miss Amstutz' room, the purchasing of six new typing tables, and getting additional maps for the school.

A new project was the saving of labels and box tops which were sent to manufacturers for a cash return.

The programs given at each meeting have been a rich, spiritual blessing to the Mothers' Group.

P.T.A.

The Parent-Teacher Association has aided much in building a stronger parent-teacher relationship and has given the parents a keener school spirit. Its monthly meetings have provided many worthwhile fellowships with its varied programs including guest speakers, films, school exhibits.
